Undoubtedly the "Bible" of conspiracy books, the completely revised and updated Fourth Edition landmark book is filled with information not previously disclosed. It names one of the contenders for the White House who is closely related to one of the oldest "300" families whose fortune was derived from opium trade with China, and no, it is not any of the Bush clan. The origin of the Committee of 300 is described; how it has evolved from an opium trading company with a Royal Charter to become the de-facto secret upper-level parallel government of the United States and the world, with only Russia and China standing in opposition to it.

A highly organized secret society with tentacles reaching into every level of government in the United States and indeed, the world, backed by massive financing and run by men of the highest education and intelligence, with vast resources at their disposal, manages the thousands of major political and economical and contrived situations. In the FOURTH EDITION there is listed some very prominent men who came forward to support the existence of the "300." One of them predicted twenty years ago that "The United States will be turned into a welfare state" and that "with the exception of Russia all nations would unite in a world alliance," (The One World Government.) Perhaps the most startling admission of the existence of the super-secret organization came from President Wilson in the last days of his presidency:

"Some of the biggest men in the United States, in the field of commerce and manufacturing, are afraid of somebody, are afraid of something. They know that there is a power somewhere, so organized, so subtle, so watchful, so interlocked, so pervasive, that they had better not speak above their breath when they speak in condemnation of it."

The "power" Wilson was talking about is the Committee of 300 and Wilson knew he did not dare to mention it by name.

The author, a former intelligence agent of British M16, rips the lid off the conspiratorial group that knows no national boundaries, is above the law of all countries and controls every aspect of politics, commerce, religion, industry, banking, insurance, mining, and even the drug trade. Learn how this small elite group, which is answerable to no one except its own members, has pulled the strings on all major world events and why, until now, few people have been aware of its existence, let alone power, in manipulating the events of the entire world. All these members are revealed, as well as all the corporations, government agencies and various movements that "they" have developed and control to further their own aims for world domination.

Can you imagine an all powerful group that no knows national boundaries, that has set itself above the laws of
all countries, one that controls every aspect of politics, religion, commerce and industry, banking, insurance, mining, THE DRUG TRADE, the petroleum industry, a group ANSWERABLE TO NONE BUT IT'S MEMBERS?

To the vast majority of us, such a group would appear to be beyond the realms of possibilities and capabilities of any given organization. If that is what you believe, then you are in the majority. The concept of a secret, elite group exercising control of every aspect of our lives is beyond our comprehension. Americans are prone to say, "it can't happen here, our Constitution forbids it."

That there is such a body called "THE COMMITTEE OF 300 is graphically told in this book. When most people attempt to address our national problems, they speak or write about "THEY." This book tells precisely who "THEY" are, and what "They" have planned for our future. It tells how "THEY" have been at war with the American nation for 47 years, a war that we, the people, are losing. It tells what methods "They" use and exactly how "They" have us all brainwashed.

If you are PUZZLED AND PERPLEXED as to why things are occurring that we as a nation don't like, yet seen powerless to prevent, why it is that the United State always seems to back the wrong house, WHY OUR FORMER SOCIAL AND MORAL VALUES HAVE BEEN TURNED ASIDE AND SEEMINGLY BURIED; IF YOU ARE CONFUSED BY THE MANY CONSPIRACY THEORIES, then the COMMITTEE OF 300 will clearly establish that these condition have been deliberately created to bring us as a nation to our knees.

Once you have read the appalling truths contained in this book, understanding the past and present political, economic, social and religious events, will no longer be a problem. This powerful account of the forces ranged against the people of the United States, and indeed, the free world, can longer be ignored.

On page 139, John Coleman makes the following statement: "America is run not by 60 families but by 300 families and England is run by 100 families, and as we shall see these families are intertwined through marriage, companies, banks, not to mention ties to the Black Nobility, Freemasonry, the Order of St. John of Jerusalem and so on. These are the people who through their surrogates find ways to protect huge shipments of heroin from Hong Kong, Turkey, Iran, Pakistan, and to ensure that they will reach the market places in the U.S. and Western Europe with the minimum cost of doing business."
